- **\$995 for each additional registrant from the same institution**
- **\$1,895 per nonmember**

REGISTER EARLY!

Just 45 seats available.

The OBL IT Forum for Community Bankers returns to offer an ongoing platform for IT and cybersecurity professionals to discuss relevant topics and exchange ideas relating to the IT and cybersecurity within their organizations.

The forum, facilitated by SBS CyberSecurity consultants, has been designed by SBS and the OBL, along with operations and technology leaders from the community banking industry, to provide a mix of roundtable discussion with free exchange of ideas on issues that concern them most, as well as guided education and lecture from our friends at SBS.

Due to tremendous interest, we're expanding! In addition to starting with a general session, the forum will feature breakout sessions with a focus on a Managerial Path and a Technical Path. The Managerial Path will feature topics related to the management of the Information Security Program from the "security" side, while the Technical Path will feature topics related to IT Operations and the implementation of technical networking controls. Our day will conclude with another general session to discuss lessons-learned from the day and participate in a group-wide Q&A session.

What do member bankers have to say about the IT Forum?

The program offers real-world scenarios and real-world solutions!

Jon and SBS offer so much information that is pertinent to our daily duties.

The forum always has exceptional information that is applicable to IT professionals on any level and helps us stay up to date on current issues and trends, and Jon has a wealth of knowledge that I thoroughly enjoy listening to.

Program Highlights

- Discuss current industry challenges in a roundtable forum
- Form relationships with other IT and cybersecurity professionals
- Learn about hot-topic technology and cybersecurity issues affecting other community banks
- Discuss current and future technology and cybersecurity technologies, threats, and trends
- Break down the newest guidance from the FFIEC and other regulatory agencies
- Discuss ways to implement new technologies, guidance, and best practices in your program
- Answer questions about your most pressing IT and cybersecurity challenges
- Talk about cutting-edge industry technologies and concepts
- Take away real-world solutions to use in your own institutions

Who Should Attend?

This forum is designed for all individuals tasked with governing, managing, overseeing and implementing technology at financial institutions, including CISOs, ISOs, IT/Network Managers, Network Administrators, IT Specialists and other individuals tasked with managing or overseeing IT or Cybersecurity within your bank. Senior management and directors are also invited to attend to better understand the opportunities and challenges that Cybersecurity presents in institutions of all sizes.

Program May Include Such Topics as:

- New Cybersecurity Threats
- New Technology-related Banking Products and Services
- New Technologies and Risk-Mitigating Controls
- New Regulatory Guidance, including the FFIEC Information Security Booklet
- FFIEC Cybersecurity Assessment
- Tool Updates and Trends
- How to Build and Manage a valuable, comprehensive, repeatable Information Security Program
- How to Quantify and Measure Cybersecurity and Technology Risk
- Vendor Management
- Incident Response
- Business Continuity/Disaster Recovery
- Components of an IT Audit Program (People, Process, and Technology)
- Security Awareness Training - How to Patch your People
- Building a Culture of Cybersecurity at your Institution
- Other Hot Topics and Regulatory Trends

2018 IT Forum for Community Bankers

About the Instructor

Jon Waldman, partner and executive vice president of information security consulting at SBS CyberSecurity, is a Certified Information Systems Auditor and Certified in Risk and Information Systems Control who received his Bachelor of Science in Computer Information Systems with a minor in Business Administration from Dakota State University and his Master of Science in Information Assurance with an emphasis in Banking and Finance Security from Dakota State University. Jon is also a co-founder of SBS, and over the last 10 years, has helped hundreds of community banks across the country create and implement comprehensive, valuable and manageable Information Security Programs.

Buzz Hillestad is a senior information security consultant for SBS CyberSecurity and is one of its most experienced individuals. Buzz graduated from Dakota State University with his Bachelor of Science in Computer Information Systems and performed his Master of Science work with an emphasis in Ethical Hacking from the SANS Institute. Buzz has 12 years of IT and IS networking, auditing and consulting experience at financial institutions, healthcare facilities, and government agencies all across the US. Buzz also presents for SBS and the SBS Institute at numerous events and conferences around the country.

Cancellation Policy

Refunds for the program will be granted for cancellations received in writing to education@ohiobankersleague.com by March 29, 2018. Cancellations will be subject to a \$75 processing fee. No refunds or credits will be granted for cancellations received after March 22. Substitutions are always welcome.

Important

For more information, please contact Susan Poling Jones at 614-340-7611 or jkiplinger@ohiobankersleague.com. For a complete listing of OBL programs, or to register online, visit www.ohiobankersleague.com. Dress is business casual.

Hotel Accommodations

Discounted overnight rooms are available for \$145/night at Embassy Suites Columbus Airport (Tel. 614-536-0500). The hotel is located approximately four miles from the OBL and offers complimentary shuttle service to the Easton area and directly to the OBL Education Center and offices. Rooms are also available at The Hampton Inn & Suites (Tel. 614-473-9911), less than one half mile from the OBL, for \$144/night. OBL guests can receive a preferred rate of \$179/night at The Residence Inn Easton (Tel. 614 414-1000). Pricing for all hotels includes breakfast and Internet access. For additional options, visit www.eastontowncenter.com.

Program Locations

Please note the OBL Technology Conference in April will be held at Embassy Suites Columbus Airport, 2886 Airport Drive, Columbus, OH 43219. The OBL IT Seminars in May, September and November will be held at The Hampton Inn, 4150 Stelzer Road, Columbus, OH 43219.

The Ohio Bankers League is registered with the National Association of State Boards of Accountancy as a sponsor of continuing professional education on the National Registry of CPE Sponsors. This program and attendees qualify for Continuing Professional Education credit in the area of Specialized Knowledge.
