

The POWER of Volunteering!

As a member of an OBL Education Advisory Group, you are provided with an opportunity to truly influence a profession that touches the lives of every Ohioan. Your input and contributions into the development of education programs are tangible and will help to shape the future of the Ohio banking industry. You will also receive great personal and professional benefit as you network among bankers from across the state. All officers and employees of OBL member financial institutions are encouraged to apply.

OBL Education Advisory Groups

Committee members meet by phone two to three times per year and provide valuable input to OBL Education Managers in between scheduled calls.

- Help build agendas for specialized conferences.
- Inform OBL education managers of training and professional development needs.
- Provide feedback on programs scheduled throughout the training season.
- Assist OBL BankServices by providing feedback on proposed products or services to meet member needs.
