

Transparency in Coverage (TIC)

Transparency in Coverage (TIC) regulations require health insurers and group health plans to create machine readable files (MRFs) that contain the negotiated rates for in-network providers and allowed amounts derived from historical claims for out-of-network providers and make those files publicly available. They must be made available on an open access website effective July 1, 2022.

- *The MRFs for the benefit package options under the The Ohio Bankers Benefits Trust can be found by clicking on this link: <https://www.anthem.com/machine-readable-file/search> EIN# 31-1306485*

These files follow the Centers for Medicare & Medicaid Services (CMS) defined layout and are in the CMS approved format (JSON) and are not meant for a consumer-friendly search of rates, benefits, or cost sharing. Please refer to the member resources available through anthem.com for this information.
